

AUTOMOTIVE WEBSITES

STELLANTIS CANADA CERTIFIED WEBSITE VENDOR

HOW WOULD YOU LIKE TO TRIPLE YOUR LEADS?

Are you looking to significantly upgrade your website performance and speed? Are you frustrated with how few leads your current website generates? Did you know that D2C Media websites outperform, on average, all Canadian Automotive websites by an average of 300%? In fact, many dealers are actually seeing a greater than 500% increase in leads within their first 30 days!

TRACKING REAL METRICS: ARE YOU SELLING CARS?

Don't you wish that your monthly digital performance reviews were about how many store visits and cars sold your digital efforts generated, as opposed to vanity metrics like impressions, clicks, and time spent on the site? D2C Media is the only website that integrates with your DMS to allow true transparency and optimization of real metrics that dealers really care about.

TOP FEATURES

- Easy to use & secure proprietary CMS (i.e.: Not Word Press!)
- Fastest automotive mobile sites in Canada
- Digital Retailing ready:
 - Full build & price
 - Trade-in values provided by Canadian Black Book
 - Free Credit Score lead generation
 - Multi-steps Credit Application
 - Payments calculator for Finance and Lease
 - Cash, Finance and Lease offers
- Advanced on-site and off-site SEO included
- Highest lead conversions in the industry
- Automated email Marketing
- SMS leads with automated brochures and videos sent to visitors
- DMS integration allows dealers to measure real metrics such as Store visits and Cars sold based on digital efforts.

↑ 300%

LEADS

Average increase in Internet leads generated from D2C websites.

20%

LEADS TO STORE VISITS

Average conversions of eLeads to Store visits by our top-25% performing dealers.

↑ 100%

MOBILE SPEED

D2C Media's mobile sites are 2x faster than the average of 3000 Canadian automotive websites.
